## Welcome Information

We are a friendly, small and forward-thinking Early Learning and Childcare Centre (ELCC). Based in the Community Centre of the fishing town of Eyemouth, we have been an important part of the community since 1971. First started as a playgroup we have evolved to be a high quality education and childcare provider for children aged two to five.

In our ELCC we actively encourage children in a safe and caring environment to learn through exploration, questioning, playing and above all having fun. As the children develop and their confidence grows, parents appreciate the benefits of our approach.

**Our philosophy:** *to provide a safe, happy, caring and stimulating environment for your child.*

### **Our aims:**

- Provide a happy, safe, warm and stimulating environment for all children to play, learn and develop freely.
- Help children to develop responsibility for themselves and their actions and to become competent, confident, independent and cooperative individuals.
- Encourage children to have a positive attitude and respect for both themselves and others.
- Promote a positive relationship with parents/ carers and work in partnership with them to provide high quality education, play and care for their children.
